To: All Team Saskatchewan

Dear, Athletes, Parents, Coaches, Chaperones and Coordinators

As the Games are less than a month away there have numerous attempts to get information from you in various capacities. There is information that is needed:

Photos for accreditation

Athletes Fees

Medical forms

Ancestry information

We are unable to continue to push this off with the host any longer and there are no more extensions that we can have. So as of **FRIDAY June 23/2017** **Anyone with any of the outstanding information listed above will unfortunately be unable to represent us at the North American Indigenous Games in Toronto.**

We thank those of you that have been diligent and gotten the proper information to your coaches and coordinators, this has made our work behind the scenes a lot easier. We will Not be able to make any exceptions as the information and deadlines are not set by us but by the host society and also the fact that there has been ample time for this paperwork and fees to have been paid.

Thank you,

Team Saskatchewan Steering Committee
